The second session was headed by Biana W Momin, former Principal of Tura Government College, who spoke about the various academic paths available to students. She emphasized that academic choices should be aligned with personal interests to make learning enjoyable. She stressed on the importance of entrance exams like CUET for accessing top universities and urging preparation alongside class 12 studies.

She highlighted the significance of vocational training, particularly pointing out the shortage of skilled professionals and suggested students to consider these paths to meet regional demands.
