Message from the Vice Chancellor

The ICFAI University Meghalaya, Annual Report 2022-2023.

His Excellency

The Governor of Meghalaya

It is my privilege to present the Seventeenth Annual Report of the ICFAI University Meghalaya for the year 2022-2023. In compliance with Section 44 of the ICFAI University Meghalaya Act 2005 [Meghalaya Act No. 12 of 2005], a report on the academic operations and activities for the period 1st April 2022 to 31st March 2023 is hereby appended.

It has always been the objective of the University to prepare its students for the future. For this, the education methodology of the University is aligned with the needs of the job market through our up-to-standard curricula designed to fulfil the needs of the learners. The University aims to introduce new programs at regular intervals taking into account the academic needs of the time and/or based on the demand of the same. The programs which are offered at the moment and which will be offered in future are all intended to benefit the student community and the people at large.

The year 2022-23 witnessed the resumption of offline classes from online and blended classes. It was a big relief for both the teaching and student communities. It is a fact that face to face deliberations is the best methodology for teaching and in the previous two years, the student community had to face a lot of hardship in learning as much as the teacher faced in teaching, with problems related to internet connectivity and online exams. The University was able to overcome all issues posed by the pandemic and restart with resilience the resumption of normal offline classes and examinations.

Further, in the year 2022-23, the University started two new Post Graduate Programs in the Faculty of Humanities and Social Sciences, these are, Master of Arts in Khasi and the Master of Social Work. Both the programs are implemented under the UGC's Choice Based Credit System.

The University celebrated the perseverance of the students who graduated in 2022 during the Convocation held on 29th April, 2023, the date for which had to be postponed from the month of March due to unavoidable circumstances.

As the Vice Chancellor of the University, it has been my aspiration to build a culture of professionalism, transparency and accountability in delivering outstanding service to the student community. It has always been the intention of the University to provide fair access to students from every background, irrespective of their socio-economic background, gender or ethnicity, so that every one gets a share of the benefits of higher education.

Consequently, the University will continue to be the beacon of higher education in service to its students and its countrymen.

The continuous journey of progress and development is the fruit of team work and dedication rendered by each and everyone connected to the University - the Sponsor Society, the Honourable Members of Statutory Bodies, Faculty, Staff, Students and well-wishers.

The enclosed report will elucidate the Academic, Student and Faculty activities along with Infrastructural details for the year 2022-2023

Dr. (Ms.) Alicia Gatphoh
